

Family Advisory Council Announcement

Minnesota Online High School is seeking parent and guardian participation for our family advisory council. This group will work with the executive director and the board to seek input around the areas of school communication, enrollment processes, attendance, curriculum supports, accommodations, and other needs. The work of this council will be instrumental in forming MNOHS goals and plans for the 2026-2027 school year. Some feedback may be able to be implemented during the 2025-2026 school year, but this group will provide some long-range planning input as well. We appreciate your willingness to consider serving on this important group for MNOHS.
