Any ASC teacher can help you with your academic questions—or can help you connect with the right person. Just drop in during the hours shown and “ASC your questions!”

What do I do in the ASC?

- Ask questions about your assignments, technology, or finding your way around a course
- Get help setting up a study plan or weekly schedule
- Meet a classmate to work on something together
- Do your schoolwork on your own knowing you can ask questions if you have them

The link to the ASC can be found in all your courses in the LIVE Virtual Help menu and when you log in to Blackboard (Institution Page)
