

# Your guide to MNOHS enrollment:

## BEFORE YOU ENROLL

- Take the Are You Ready for MNOHS? survey to determine if MNOHS is a good fit for you right now
- A computer is required. Verify that your computer is compatible with MNOHS systems on our tech requirements web page.
- Review the MNOHS Handbook to learn what it's like to attend MNOHS.

## APPLICATION AND CONFIRMATION

- Use our online registration system to apply. You'll begin by providing a parent/guardian email address--or your own, if you are 18 or older. You will then receive an email with a link to the **full online application**.
- **Full-time applicants:** You'll be asked to upload proof of Minnesota residency (such as an ID or utility bill).
- **All applicants:** After submitting the online application, check your email again for a PDF containing important **enrollment documents**. Submit these documents to confirm your place at MNOHS **before the next quarter's enrollment deadline**.

## AFTER YOU APPLY

- When you've completed the application **and** submitted your signed documents, you will receive a confirmation email.
- **Full-time (MNOHS-only) students:** Please help us build your schedule by sending us your unofficial transcripts, most recent class schedule, and/or most recent grade report. We will also send a transcript request directly to your previous school, but sending your own copies can help to make sure you get started on time.

## STARTING YOUR FIRST QUARTER

- Your MNOHS guidance counselor will reach out to say hello and propose your course schedule.
- You and your parent/guardian will receive important emails about getting started at MNOHS, including our **Technology Orientation**. Complete the online **Technology Orientation** ASAP, and definitely by the second day of the quarter.
- Each quarter at MNOHS begins with two required online **Workshop and Orientation days**- where we introduce new topics, tools, and discussions to help you have fun and stay on track as online learners. If your schedule allows, attend our schoolwide **quarterly kick-off meeting** held online on the second day of each quarter at 11:00 a.m.
