

## 709 Student Transportation Policy

Adopted: March 2005

Modified: May 2023

Last review: May 2023

### 1 Purpose

2 The purpose of this policy is to establish expectations and policies concerning the safe transportation of  
3 Minnesota Online High School (MNOHS) students to and from school.

### 4 Policy

5 Minnesota Online High School does not provide transportation for students to or from the school office  
6 location or school-related in-person functions.

7 Students may submit a travel expense reimbursement request for transportation to the MNOHS office for  
8 required in-person testing or meetings or other required school-related in-person functions. This  
9 reimbursement may not exceed the student's actual cost of transportation or the current Internal Revenue  
10 Service standard mileage rate, whichever is less. Reimbursement is issued with permission and at the  
11 discretion of the Executive Director.
